AJ-066 - Washout Brush

Spare Part Number: AJ-066 Net Weight: 0.00kg Net Dimensions: 0.00cm x 0.00cm x 0.00cm

Description AJ-066 Washout Brush

Rotary washout brushes composed of a single spiral of filaments locked onto a cylindrical support. Washout brushes remove from the surface of a photopolymer plate the unhardened material (i.e., the monomer) by means of a mechanical effect (abrasion) caused by the bristles of the brushes when they get in contact with the surface of the photopolymer plate at a certain pressure.
